Penndel District Joins The Junior-Senior High School Board

IN LANGHORNE AREA

To Add 4 H. S. Classrooms; Manor Bldg. to House Grade 1

LANGHORNE, Feb. 2—At a four-hour session of school directors of five districts in this area, held Friday evening in the high school here, decision was made to build an addition to the Langhorne-Middletown high school building; a new joint senior-junior high school group was formed, comprising five districts; a new joint elementary board was formed, comprising three districts; and change of grades outlined for Langhorne Manor school building.

Charles H. Boehm, Morrisville, superintendent of Bucks County public schools, "steered" the principles of the session; the presiding officer being Walter Miller, Parkland, president of the joint junior-senior board.

The occasion was the regular meeting of the joint junior-senior high school board, composed of the districts of Langhorne, Middletown township, Langhorne Manor and Hulmeville. As a result of the discussion, Penndel borough school district, formally joined the junior-senior high school board, the new board now comprising the five districts.

This change involved preparation and presentation of numerous documents which were then agreed upon by all parties concerned.

Correlating with this was the presentation of the report in regard to construction of an addition to the Langhorne-Middletown high school building. This report was made by Stoner Yantis, he informing that bids have been received. Financial arrangements were presented to the various boards and agreement arrived at between the representatives, with decision then made to proceed with construction by the methods outlined.

This addition will include two stories at the rear of the present high school building, to the east of Langhorne borough, including four large class rooms. Work will get underway, it is stated, as soon as various arrangements and financial arrangements permit. It is expected that the addition will be completed in time for the 1948-49 term of school.

The joint elementary board in this area has been composed of Langhorne and Middletown districts. As a result of present conditions, Langhorne Manor district directors asked to join the joint elementary

THE LABOR ISSUE

A good many writers and political figures seem to be going on the assumption that the labor issue is dead, at least for the time being, and that it is not going to play any important part in the coming Presidential election.

They reason this out in several ways. One is that, since the Taft-Hartley Bill was finally passed by heavy majorities of both parties in Congress, it is therefore a "bi-partisan" measure. Another theory is that the Taft-Hartley Law is, to some degree, a hot potato to both Republicans and Democrats, and that neither is going to be anxious to bring it up again. Still a third line of reasoning is that insufficient time has elapsed since the Act was passed for it to have been given a fair trial, and therefore it would be useless to get into any argument about it until its real effect can be measured.

All these views overlook a point which is of so much importance that it is almost certain to force the labor issue to the fore again, and may even make it the key issue of the campaign.

The point which is being overlooked is this: PRESIDENT TRUMAN IS GOING TO HAVE TO WRITE A LABOR "PLANK" FOR HIS PLATFORM FOR RE-ELECTION.

That's where the rub comes. What's he going to say about the labor problem in general, and the Taft-Hartley Act in particular?

He can't dodge the matter. The strategy of a certain bloc of labor bosses is perfectly clear: they propose to make him commit himself—to "stand up and be counted," as the phrase went in the Bucks-Lehigh Congressional district last summer during the stormy battle in which the same labor law was the hottest issue.

The President has a limited choice. He can, of course, demand repeal of the Taft-Hartley Law—if he dares. He could, but is hardly likely to suggest that the law is still too young for any final verdict on it. And it would be possible for him to write some "weasel-worded" straddle, in which he would emphasize the rights of labor, and his friendship to the union bosses, without definitely committing himself for or against the Taft-Hartley Act.

There are pitfalls along all these courses. Suppose he comes out for repeal? That is what many labor chiefs want, of course—they are obviously setting that up as the price for their all-out support, financially and politically.

A SUMMARY OF THE NEWS

Private colleges and universities would be excluded from funds from a greatly increased Federal program recommended by the President's Commission on Higher Education.

The Republican tax bill is scheduled to pass in the house today. The Senate is expected to reach a vote this week on the St. Lawrence Seaway Project.

Senate hearings on the European Recovery Program may end this week. Republican Representative Sundstrom has asked that all outstanding United States currency be called in for exchange to drive out hoarded funds abroad and strengthen the Marshall Plan. Surveys reaching Switzerland were said to show that Europe was further along the road to recovery than had been generally supposed.

World economic conditions, the Marshall Plan, slave labor and Yugoslavia's complaint that this country is withholding her gold reserves are among the subjects the United Nations Economic and Social Council is expected to discuss at its session opening today. American labor pledged full support to the United Nations drive for food and medicine for children.

Moshe Shertok, political chief of the Jewish Agency for Palestine, denounced as "fantastic and mal-

icious untruths" reports from London that Communist agents had been aboard the intercepted refugee ships Pan York and Pan Crescent. The Palestine Arab Higher Committee, calling the disclosures only "part" of the story, said that Russia was trying to infiltrate 1,500,000 Communist agents into Western Europe and the Middle East. A bomb wrecked the plant of the Palestine Post in Jerusalem.

Conditions in Russia make it improbable that the Soviet Union can wage an aggressive war for at least ten years, a former Moscow correspondent of the New York Times writes.

Russia has lodged its third recent protest with the United States, this time against the activity of American planes in the Yellow Sea and the Sea of Japan.

Reports of a plot by a "radical communal organization" to murder Congress party leaders, including Prime Minister Nehru, stirred the Dominion of India. A New Delhi newspaper linked a leader of the extremist Hindu Mahasabha to the assassination of Mohandas K. Gandhi.

CHURCH HAS A THANKSGIVING MASS

Celebrate Freeing of Cornwells R. C. Church from All Debts

SOCIAL ON TUESDAY

CORNWELLS HEIGHTS, Feb. 2—A Solemn Mass of Thanksgiving was conducted in St. Charles R. C. Church, here, at 11 a. m., yesterday. It was in celebration of the church becoming free of all debts.

The celebrant of the mass was the pastor, the Rev. John L. Nugent. The Rt. Rev. Monsignor Herbert J. Cartwright, J. C. D., director of Sts. Peter and Paul Cathedral, Philadelphia, delivered the sermon. The Rev. Bartholomew F. Fair served as deacon, and the Rev. John C. Kavanagh as sub-deacon. The latter two were formerly assistants at St. Charles'. Presiding was the Rt. Rev. Monsignor Joseph M. Corr. The Rev. Charles J. McDevitt, present assistant at the church, was master of ceremonies.

Music for the mass was sung by the children. Mrs. John McCarthy presided at the organ.

The building of St. Charles Church was begun on Dec. 8, 1903. The Rev. Andrew McCue was the first pastor. In 1926 a mortgage of \$93,000 was incurred against the church in order to build the school. At the present time there are 350 families or approximately 1950 attending St. Charles', the pastor states. The school enrollment is 252. Four Sisters of the Order of the Immaculate Heart of Mary comprise the staff which teaches the eight classes. A normal graduating class is 15 students. In 1947, an all-time record was set with 25 graduates. For the past two years a school bus has been in service, with the Rev. Fr. Nugent and McDevitt alternating as drivers.

The pastor attributes the payment of the mortgage to the loyalty and generosity of the parishioners. He also states, "At various times money-raising events were conducted. However, the majority of the fund was gained through voluntary, consistent contributions at the services."

Tomorrow evening a social time will take place in St. Charles' hall, to which all parishioners are invited. Music for dancing and entertainment will be provided.

Stocking Partly Stuffed In Mouth of Male Negro Child

WRAPPED IN PAPERS

MORRISVILLE, Feb. 2—The gruesome discovery of the lifeless body of a new-born Negro baby, with a stocking partly stuffed in its mouth, was made near here on Saturday.

A dog, playing with a group of children at the scene, led to the discovery, when it pulled the bundle out from some bushes. The spot is along Ferry road, near the Delaware River, in Makedfield township.

According to authorities, the baby, a male child, had apparently lived for an hour. It is believed the body, wrapped in two newspapers, had been at the spot for three or four days. The body was frozen.

One of the newspapers in which the tiny body was wrapped was a Philadelphia Inquirer of January 18th, and the other a Trenton, N. J., paper, date undetermined.

State Police of Langhorne barracks, Chief County Detective Anthony Russo of Bristol, and Bucks County Coroner J. Alfred Rigby, were called in the case. Police are making every effort to learn the identity of the child's parents. They ask that anyone having any information that might lead to such identity contact State Police at Langhorne barracks, assurances being given by them that such information will be held "strictly confidential."

The body was removed to a local funeral home.

CAR THIEF SUSPECT CAUGHT WHEN CAR TURNS OVER THRICE

Harold Schaffer, Bristol R. D. 1, Taken Into Police Custody

"COP" SHOOTS AT CAR

One Bullet Punctures Gas Tank and Two Hit Fender

Shot at five times by a pursuing Morrisville police officer, a Bristol R. D. 1 youth is in the Trenton, N. J., jail. He was hospitalized for a short time as the result of being injured when the car in which he was fleeing arrest, overturned three times in a field at Oxford Valley near Wheatley's garage yesterday.

The stolen car suspect is identified by police as Harold Schaffer, Bristol R. D. 1. He sustained a bruised left knee.

Schaffer was the object of a six-mile chase, which began in South Trenton early yesterday, and ended when the car overturned.

Schaffer was arrested by Patrolman Harry Tomlinson, of the Morrisville force, as he emerged from the badly damaged machine. Tomlinson said the car, owned by Harry Cash, of Morrisville, was stolen several hours earlier from a garage on West Bridge street, Morrisville, where the suspect was employed as an attendant.

Sergeant Stanley Kowal, of the Trenton police, reported he was sitting alone in his squad car when the allegedly stolen machine sped through a red light at Bridge and Center streets in South Trenton. He called for the driver to halt but the motorist only doused his headlights.

Kowal set out after the car and the chase wound through back streets in Trenton and Stacey Park, behind the State Capitol Building, where the fugitive cut across the Calhoun street bridge—which has a 15-mile speed limit—at 60 miles an hour.

Kowal said he followed the car across the Delaware into Morrisville, meanwhile radioing to police cars there for aid. Tomlinson received the call in his squad car and sped down U. S. Route 1 to Lincoln Point, to intercept the fugitive on the Old Lincoln Highway by-pass.

He could, but is hardly likely to suggest that the law is still too young for any final verdict on it. And it would be possible for him to write some "weasel-worded" straddle, in which he would emphasize the rights of labor, and his friendship to the union bosses, without definitely committing himself for or against the Taft-Hartley Act.

There are pitfalls along all these courses. Suppose he comes out for repeal? That is what many labor chiefs want, of course—they are obviously setting that up as the price for their all-out support, financially and politically.

CHURCH HAS A THANKSGIVING MASS

Celebrate Freeing of Cornwells R. C. Church from All Debts

SOCIAL ON TUESDAY

CORNWELLS HEIGHTS, Feb. 2.—A Solemn Mass of Thanksgiving was conducted in St. Charles R. C. Church, here, at 11 a. m., yesterday. It was in celebration of the church becoming free of all debts.

The celebrant of the mass was the pastor, the Rev. John L. Nugent. The Rt. Rev. Monsignor Herbert J. Cartwright, J. C. D., director of St. Peter and Paul Cathedral, Philadelphia, delivered the sermon. The Rev. Bartholomew F. Fair served as deacon, and the Rev. John C. Kavanagh as sub-deacon. The latter two were formerly assistants at St. Charles. Presiding was the Rt. Rev. Monsignor Joseph M. Corr. The Rev. Charles J. McDevitt, present assistant at the church, was master of ceremonies.

Music for the mass was sung by the children. Mrs. John McCarthy presided at the organ.

The building of St. Charles Church was begun on Dec. 8, 1903. The Rev. Andrew McCue was the first pastor. In 1926 a mortgage of \$93,000 was incurred against the church in order to build the school. At the present time there are 350 families or approximately 1050 attending St. Charles, the pastor states. The school enrollment is 252. Four Sisters of the Order of the Immaculate Heart of Mary comprise the staff which teaches the eight classes. A normal graduating class is 15 students. In 1947, an all-time record was set with 25 graduates. For the past two years a school bus has been in service, with the Rev. Frs. Nugent and McDevitt alternating as drivers.

The pastor attributes the payment of the mortgage to the loyalty and generosity of the parishioners. He also states, "At various times money-raising events were conducted. However, the majority of the fund was gained through voluntary, consistent contributions at the services."

Tomorrow evening a social time will take place in St. Charles' hall, to which all parishioners are invited. Music for dancing and entertainment will be provided.

FIND BODY OF BABY MURDERED AT BIRTH

Stocking Partly Stuffed in Mouth of Male Negro Child

WRAPPED IN PAPERS

MORRISVILLE, Feb. 2.—The gruesome discovery of the lifeless body of a new-born Negro baby, with a stocking partly stuffed in its mouth, was made near here on Saturday.

A dog, playing with a group of children at the scene, led to the discovery, when it pulled the bundle out from some bushes. The spot is along Ferry road, near the Delaware River, in Makefield township.

According to authorities, the baby, a male child, had apparently lived for an hour. It is believed the body, wrapped in two newspapers, had been at the spot for three or four days. The body was frozen.

One of the newspapers in which the tiny body was wrapped was a Philadelphia Inquirer of January 18th, and the other a Trenton, N. J., paper, date undetermined.

State Police of Langhorne barracks, Chief County Detective Anthony Russo of Bristol, and Bucks County Coroner J. Alfred Rigby, were called in the case. Police are making every effort to learn the identity of the child's parents. They ask that anyone having any information that might lead to such identity contact State Police at Langhorne barracks, assurances being given by them that such information will be held "strictly confidential."

The body was removed to a local funeral home.

CAR THIEF SUSPECT CAUGHT WHEN CAR TURNS OVER THRICE

Harold Schaffer, Bristol R. D. 1, Taken Into Police Custody

"COP" SHOOTS AT CAR

One Bullet Punctures Gas Tank and Two Hit Fender

Shot at five times by a pursuing Morrisville police officer, a Bristol R. D. 1 youth is in the Trenton, N. J., jail. He was hospitalized for a short time as the result of being injured when the car in which he was fleeing, overturned three times in a field at Oxford Valley near Wheatley's garage yesterday.

The stolen car suspect is identified by police as Harold Schaffer, Bristol R. D. 1. He sustained a bruised left knee.

Schaffer was the object of a six-mile chase, which began in South Trenton early yesterday, and ended when the car overturned.

Schaffer was arrested by Patrolman Harry Tomlinson, of the Morrisville force, as he emerged from the badly damaged machine. Tomlinson said the car, owned by Harry Cash, of Morrisville, was stolen several hours earlier from a garage on West Bridge street, Morrisville, where the suspect was employed as an attendant.

Sergeant Stanley Kowal, of the Trenton police, reported he was sitting alone in his squad car when the allegedly stolen machine sped through a red light at Bridge and Center streets in South Trenton. He called for the driver to halt but the motorist only doused his headlights.

Kowal set out after the car and the chase wound through back streets in Trenton and Stacey Park, behind the State Capitol Building, before the fugitive cut across the Calhoun street bridge—which has a 15-mile speed limit—at 60 miles an hour.

Kowal said he followed the car across the Delaware into Morrisville, meanwhile radioing to police cars there for aid. Tomlinson received the call in his squad car and sped down U. S. Route 1 to Lincoln Point, to intercept the fugitive on the Old Lincoln Highway by-pass.

CAVE MEN

Know what speleology is? Well, you'd better learn because you are going to hear more about it from now on. The dictionary defines it as "the scientific study of caves" and, since the coming of the atomic bomb, it has moved ahead rapidly.

An indication of its growth is the recent formation of a National Speleological Society with 600 members in all parts of the United States.

This new society is certain that there is work for it to do, particularly as a result of the development of atomic energy and the consequent expectation that the national security will require the establishment underground of no small part of industry.

Committees have been formed to carry on scientific studies. They will concern themselves, among other things, with the development of precision apparatus and methods for locating caves.

According to Dr. Ralph W. Stone, in an article in the Proceedings of the Pennsylvania Academy of Sciences, this new prospecting probably will lead to extensions of caves already known to exist and to the discovery of other caves suitable for the erection of factories, for the storage of materials and for civilian refuge stations. Although no mention is made of the fact, it may be assumed that the experiments now being engaged in by the society have the blessing of the government. Some day people may be glad that they were made.

GROUND-HOG DAY

Woven about February 2, the religious holiday of Candlemas and the secular groundhog day, are ancient traditions that weather conditions on that occasion forecast what to anticipate during subsequent weeks. There was a Scottish rhyme that said:

If Candlemas day be dry and fair,
The half o' winter's to come
and mair;
If Candlemas day be wet and foul,
The half o' winter's gane at Yule.

The Germans had a belief that "the shepherd would rather see the wolf enter his stable on Candlemas day than the sun." Another German expression was that "the badger peeps out of his hole on Candlemas day, and when he finds snow, walks abroad; but if he sees the sun shining, he draws back into his hole."

Out of this came the American custom of declaring that the ground hog emerges on February 2. If he sees his shadow he goes back for six weeks and winter will continue that long. But if he does not see his shadow, winter is on the wane.

Government weather forecasters, say, in effect, that the ground-hog superstition is just that.

ECHOES OF THE PAST

(By Courier Staff Member)

Review of the news as it appeared in the Bucks County Gazette issue dated at Bristol Aug. 12 1897. The Gazette, a weekly newspaper published in Bristol, was discontinued following its merger with the Courier.

Negotiations are in progress between the managers of the Bristol Driving Park and the manager of Major J. A. Matuire, champion broadswordman of the world, for an exhibition of his powers in a contest with Captain J. R. Laughlin of Philadelphia, to be given in the driving park some day next week or the week following. The match will be preceded by a number of difficult and attractive feats of swordsmanship. The contest as well as the other feats will be made on horseback at full gallop.

The National encampment of the Knights of Pythias meets next week at Scranton. A number from Florence Lodge of Bristol expect to leave on Tuesday for two or three days. Among those who intend going are: Major A. Weir Gilkeson; Capt. William W. Leech; Lt. L. C. Wetling; Lt. Charles W. Wilson; Lt. Robert Neeley; Sgt. H. T. W. Bickel; Sgt. William H. Hall; Sgt. J. Curtis Howell; Cpt. Doron Green; Priv. P. O. Widd; J. Albert Stackhouse; Gustave Rathke; Lewis J. Bevan.

(Following items from Gazette of August 19 1897.)

The first camp meeting held in Bristol for over a quarter of a century is now being held at Bath street grove on the site of the old Bath Springs, by the congregation of the Second Baptist Church. At the opening of the meeting on last Sunday a big crowd was present. There has been an average attendance at the evening services of 300 or more. The camp is expected to last for five weeks.

George Betts, an old resident of Bristol, who kept the canal stables ever since 1860, died yesterday morning.

Frederick Leibfried is erecting a two-story office building at his lumber yard on Otter street.

William Bache, a great-grandson of Benjamin Franklin, and one of Bristol's oldest citizens, died at the residence of his daughter, Mrs. Parker Elye. He was in the 87th year of his age.

Mr. Bache was the pioneer newspaper publisher in Bristol. His first venture in that line was in 1849, when he began the publication of the Bristol Gazette. In 1854 he published a paper here in the interest of the Know Nothing Party called the Bucks County American. On the first of January, 1859, the first number of Bache's Index appeared. It lived a year and a half and then, like its predecessors, died for lack of support. When the Bucks County Gazette was established in 1873 Mr. Bache was made its foreman and continued with this paper in that capacity for several years. He afterward went to Philadelphia and was employed by some of the leading job printing offices there. Several years ago he returned to Bristol.

The work of building the bicycle path on Jefferson avenue, that council gave the Wheelmen's Roads Association the privilege to construct, was begun this morning and will be completed in four or five days. The path will be on the north side of the street and will run from Radcliffe street to the railroad. It will be about 4 ft. wide and made of cinders packed with a heavy roller. The funds of the association will not be used, as the president is building the path at his own expense.

Miss Katharine Breck died suddenly at her residence on Radcliffe street yesterday... being 74 years of age. Miss Breck was born in Bucks County, near Torresdale. She was the daughter of Capt. George Breck, deceased, and was the sister-in-law of John and William Aspinwall of New York, who were largely interested in the building of the Panama Railroad.

An electric generator has arrived at the freight station from the United Traction Co. of Reading, which will be used to furnish the electricity for the Bristol end of the Philadelphia and Bristol trolley line.

The Labor Issue

Continued from Page One

But that would be a slap in the face to the 126 Democratic members of the two Houses of Congress who voted for the Bill even after their party leader had vetoed it—126 for the Bill, compared with only 93 in the President's corner against it.

Moreover, the President is perfectly well aware of what happened in this corner of the world, when the labor bosses made the Taft-Hartley Act the principal issue in last year's Congressional campaign—and were repudiated by the biggest landslide in local history.

The President's dilemma is serious. The labor bosses, or at least a great number of them, refuse to be "for" him unless he promises repeal of the labor law. But coming out for such repeal would almost certainly sign the President's political death warrant at the next November elections.

He is betwixt and between. He knows, for example, that it was Sidney Hillman and the PAC which gave President Roosevelt the slender margin of victory in the Fourth Term election four years ago—he ought to know about it, for he was right square in the middle of the "deal."

Losing this segment of the vote would be enough to defeat the President—on paper, at least. But how can he get the radical labor vote without driving off still more conservative and on-the-fence voters?

The difficulties of a satisfactory "straddle" are quite as serious. They are always great.

In this case, where every eye will eventually come to rest on what the Democratic party and Mr. Truman choose to say about labor, and where the words will be torn to pieces by experts on both sides of the fence, the hazards of trying to "say nothing and say it very well" are unusually large.

Mr. Truman's worst difficulty lies in the fact that he has already said a great deal too much for his own good. In his vetoes of the Case Bill and the Taft-Hartley Act he took the broad position that union labor is synonymous with the American people; and that therefore anything which union bosses, thus being identified with the whole people, wanted, they were entitled to have.

He went "whole hog" in criticizing any limitation on the arbitrary authority of the labor bosses, even those who were the most high-handed, even those who were openly sympathetic with Communism.

But in the case of the railroad strike, what he said was quite different—what he recommended then was that whenever a labor union defied the government, the striking workers should

be drafted into the army and forced to work under military compulsion—"at the point of a bayonet," as the labor spokesmen promptly rephrased it.

These two viewpoints by the President are wholly irreconcilable. They have not seriously embarrassed the President, up to now, merely because he has not yet run for re-election. He, as the man who enforces the law, has been able to stand between the recalcitrant labor bosses and the full effects of the Taft-Hartley law, and thereby pose as their friend.

Under his authority, whole sections of the Taft-Hartley Act have been thrown out the window—the parts prohibiting political activity by unions, the anti Communist clauses, the one calling for a full and honest financial accounting of union funds, and many others.

But these laws are still on the statute books. The President might privately assure the labor bosses that he, if re-elected, would continue to see that they are non-enforced—but he can't put THAT in his platform!

Moreover, if he ever gets as "mad" as he was on the occasion of the railroad strike, he might easily forget all about his friendship for the labor radicals, and make use of some of the now-forgotten provisions of this same Taft-Hartley Act.

All in all, the labor issue is bound to play a big part in the coming campaign, for a simple reason that the President is "on the spot" in this issue, and those who have him there are not minded to let him off.

The purchase includes 66.315 acres of land all that is used for country club purposes. It does not include the frontage on Green street or the house now occupied by the Albert Dick family, the former home of the late Joseph Rich.

The purchase does include, however, the present club house and all the golf course.

A resolution authorizing the purchase was presented at the meeting by Arthur M. Eastburn, attorney, who together with Russell B. Gulick and J. Carroll Stolley Jr., composed a special committee to complete arrangements for the purchase of the club.

With the burning of a \$4,850 mortgage, which was reduced to \$3300 and then satisfied, the 35th annual meeting of the Bucks County Society for the Prevention of Cruelty to Animals was held in the Administration Annex Doylestown, Thursday when several charter members were in attendance.

Before an assemblage of about 20 persons, Treasurer Charles H. Jordan ignited the mortgage which was dated June 1931.

In attendance at the ceremony was Knickerbocker Davis, journalist and war correspondent, who procured the charter for the S. P. C. A. in 1913.

Mr. Davis reminisced concerning the crusading for the protection of animals in Bucks county almost 30 years ago.

Auditor General G. Harold Wagner today approved payment of \$292,137.57 to 211 municipal police retirement funds and the State Employees Retirement Fund. The latter item is earmarked for the State Police.

Car Thief Suspect Caught When Car Overtakes Thrice

Tomlinson, hearing the roar of the approaching car, turned his own machine sidewise on the highway, as a road block. The maneuver failed; the fugitive swerved through a snowbank and sped on.

Kowal, meanwhile, had been outdistanced. Tomlinson took up the chase and, he reported, pushed his machine to 80 miles an hour before he was able to catch the fugitive machine. When the driver still refused to stop, Tomlinson emptied his service revolver at the rear of the car, which he had chased across an overpass on to Route 1 and down a cutoff toward Halmesville. The gas tank was punctured and two bullets went through a fender of the car.

Tomlinson turned Schafer over to Trenton police.

CAVE MEN
Know what speleology is? Well, you'd better learn because you are going to hear more about it from now on. The dictionary defines it as "the scientific study of caves" and, since the coming of the atomic bomb, it has moved ahead rapidly.
An indication of its growth is the recent formation of a National Speleological Society with 600 members in all parts of the United States.
This new society is certain that there is work for it to do, particularly as a result of the development of atomic energy and the consequent expectation that the national security will require the establishment underground of no small part of industry.
Committees have been formed to carry on scientific studies. They will concern themselves, among other things, with the development of precision apparatus and methods for locating caves.
According to Dr. Ralph W. Stone, in an article in the Proceedings of the Pennsylvania Academy of Sciences, this new prospecting probably will lead to extensions of caves already known to exist and to the discovery of other caves suitable for the erection of factories, for the storage of materials and for civilian refuge stations. Although no mention is made of the fact, it may be assumed that the experiments now being engaged in by the society have the blessing of the government. Some day people may be glad that they were made.

ECHOES OF THE PAST

Review of the news as it appeared in the Bucks County Gazette issue dated at Bristol Aug. 12, 1897. The Gazette, a weekly newspaper published in Bristol, was discontinued following its merger with the Courier.

Negotiations are in progress between the managers of the Bristol Driving Park and the manager of Major J. A. McGuire, champion broadswordman of the world, for an exhibition of his powers in a contest with Captain J. R. Laughlin of Philadelphia, to be given in the driving park some day next week or the week following. The match will be preceded by a number of difficult and attractive feats of swordsmanship. The contest, as well as the other feats will be made on horseback at full gallop.

The National encampment of the Knights of Pythias meets next week at Scranton. A number from Hermon Lodge of Bristol expect to leave on Tuesday for two or three days. Among those who intend going are: Major A. Weir Gilkeson; Capt. William W. Leech; Lt. L. C. Wetling; Lt. Charles W. Wilson; Lt. Robert Neeley; Sgt. H. T. W. Bickel; Sgt. William H. Hall; Sgt. J. Curtis Howell; Cpt. Doron Green; Pvt. P. O. Widd; J. Albert Stackhouse; Gustave Rathke; Lewis J. Bevan.

(Following items from Gazette of August 19, 1897.)
The first camp meeting held in Bristol for over a quarter of a century is now being held at Bath street grove on the site of the old Bath Springs, by the congregation of the Second Baptist Church. At the opening of the meeting on last Sunday a big crowd was present. There has been an average attendance at the evening services of 300 or more. The camp is expected to last for five weeks.

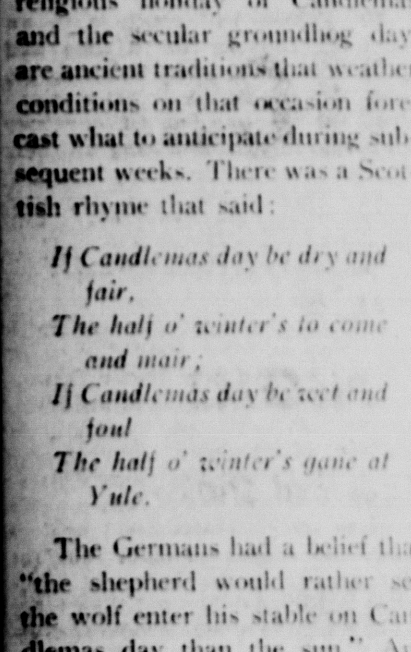

George Hietz, an old resident of Bristol, who kept the canal stables ever since 1860, died yesterday morning.
Frederick Lehtfied is erecting a two story office building at his lumber yard on Otter street.
William Bache, a great-grandson of Benjamin Franklin, and one of Bristol's oldest citizens, died at the residence of his daughter, Mrs. Parker Fine. He was in the 87th year of his age.
Mr. Bache was the pioneer newspaper publisher in Bristol. His first venture in that line was in 1849, when he began the publication of the Bristol Gazette. In 1854 he published a paper here in the interest of the Know Nothing Party called the Bucks County American. On the first of January, 1859, the first number of Bache's Index appears. It lived a year and a half and then, like its predecessors, died for lack of support. When the Bucks County Gazette was established in 1873 Mr. Bache was made its foreman and continued with this paper in that capacity for several years. He afterward went to Philadelphia and was employed by some of the leading job printing offices there. Several years ago he returned to Bristol.

The work of building the bicycle path on Jefferson avenue, that council gave the Wheelmen's Roads Association the privilege to construct, was begun this morning and will be completed in four or five days. The path will be on the north side of the street and will run from Radcliffe street to the railroad. It will be about 4 ft. wide and made of cinders packed with a heavy roller. The funds of the association will not be used, as the president is building the path at his own expense.

Miss Katharine Breck died suddenly at her residence on Radcliffe street yesterday. . . . being 74 years of age. Miss Breck was born in Bucks County, near Torresdale. She was the daughter of Capt. George Breck, deceased, and was the sister-in-law of John and William Aspinwall of New York, who were largely interested in the building of the Panama Railroad.

An electric generator has arrived at the freight station from the United Traction Co. of Reading, which will be used to furnish the electricity for the Bristol end of the Philadelphia and Bristol trolley line.

THE LABOR ISSUE

(Continued from Page One)

But that would be a slap in the face to the 126 Democratic members of the two Houses of Congress who voted for the Bill even after their party leader had vetoed it—126 for the Bill, compared with only 93 in the President's corner against it.
Moreover, the President is perfectly well aware of what happened in this corner of the world, when the labor bosses made the Taft-Hartley Act the principal issue in last year's Congressional campaign—and were repudiated by the biggest landslide in local history.

The President's dilemma is serious. The labor bosses, or at least a great number of them, refuse to be "for" him unless he promises repeal of the labor law. But coming out for such repeal would almost certainly sign the President's political death warrant at the next November elections.
He is betwixt and between. He knows, for example, that it was Sidney Hillman and the PAC which gave President Roosevelt the slender margin of victory in the Fourth Term election four years ago—he ought to know about it, for he was right square in the middle of the "deal."
Losing this segment of the vote would be enough to defeat the President—on paper, at least. But how can he get the radical labor vote without driving off still more conservative and on-the-fence voters?
The difficulties of a satisfactory "straddle" are quite as serious. They are always great.
In this case, where every eye will eventually come to rest on what the Democratic party and Mr. Truman choose to say about labor, and where the words will be torn to pieces by experts on both sides of the fence, the hazards of trying to "say nothing and say it very well" are unusually large.
Mr. Truman's worst difficulty lies in the fact that he has already said a great deal too much for his own good. In his vetoes of the Case Bill and the Taft-Hartley Act he took the broad position that union labor is synonymous with the American people; and that therefore anything which union bosses, thus being identified with the whole people, wanted, they were entitled to have.
He went "whole hog" in criticizing any limitation on the arbitrary authority of the labor bosses, even those who were the most high-handed, even those who were openly sympathetic with Communism.
But in the case of the railroad strike, what he said was quite different—what he recommended then was that whenever a labor union defied the government, the striking workers should

be drafted into the army and forced to work under military compulsion—"at the point of a bayonet," as the labor spokesmen promptly rephrased it.
These two viewpoints by the President are wholly irreconcilable. They have not seriously embarrassed the President, up to now, merely because he has not yet run for re-election. He, as the man who enforces the law, has been able to stand between the recalcitrant labor bosses and the full effects of the Taft-Hartley law, and thereby pose as their friend.
Under his authority, whole sections of the Taft-Hartley Act have been thrown out the window—the parts prohibiting political activity by unions, the anti-Communist clauses, the one calling for a full and honest financial accounting of union funds, and many others.
But these laws are still on the statute books. The President might privately assure the labor bosses that he, if re-elected, would continue to see that they are non-enforced—but he can't put THAT in his platform!
Moreover, if he ever gets as "mad" as he was on the occasion of the railroad strike, he might easily forget all about his friendship for the labor radicals, and make use of some of the now-forgotten provisions of this same Taft-Hartley Act.
All in all, the labor issue is bound to play a big part in the coming campaign, for a simple reason that the President is "on the spot" in this issue, and those who have him there are not minded to let him off.

GROUND-HOG DAY

Woven about February 2, the religious holiday of Candlemas and the secular groundhog day, are ancient traditions that weather conditions on that occasion forecast what to anticipate during subsequent weeks. There was a Scottish rhyme that said:
If Candlemas day be dry and fair,
The half o' winter's to come and mair;
If Candlemas day be wet and foul,
The half o' winter's gane at Yule.
The Germans had a belief that "the shepherd would rather see the wolf enter his stable on Candlemas day than the sun." Another German expression was that "the badger peeps out of his hole on Candlemas day, and when he finds snow, walks abroad; but if he sees the sun shining, he draws back into his hole."
Out of this came the American custom of declaring that the ground hog emerges on February 2. If he sees his shadow he goes back for six weeks and winter will continue that long. But if he does not see his shadow, winter is on the wane.
Government weather forecasters, say, in effect, that the ground-hog superstition is just that.

Two Drivers Exonerated Of Blame in Man's Death

QUAKERTOWN, Feb. 2 — Clarence L. Smoll, 33, a Penna. State Highway truck driver, and Robert E. Wetzel, 19, a carpenter, were exonerated of charges of involuntary manslaughter at a coroner's inquest here on Wednesday evening. Bucks County Coroner J. Alfred Rigby, Cornwells Heights, conducted the inquest.

While cinderling the highway on the Sunnyside Pike, a 48-year-old highway worker, Jesse F. Hoffman, Perkiomenville, was struck by a car driven by Robert E. Wetzel, of Green Lane, RD.

The other defendant, Clarence L. Smoll, Green Lane, was operating the truck which was carrying the cinders being spread on the wet, slippery, freezing road surface.

The injured man, who died in Grand View Hospital the next day, January 13, was working at the rear of the truck when Wetzel's car skidded into him pinning him between the standing truck and the skidding automobile.

State Policeman Raymond A. Nighan, of the Collegeville sub-station, who investigated the tragedy, testified the accident happened on a steep grade.

Wetzel's car was following the cinder spreading truck down the highway slowly, but went into a skid.

Henry Keyser, a highway worker, testified it was raining and that the water froze on the surface of the highway. He said the defendant, Wetzel, was driving slowly, but that after his car went into a skid it moved over on their side of the highway.

Clarence Smoll, who was operating the highway truck also testified that Wetzel was approaching them from the rear slowly.

Members of the Coroner's Jury were Frederick S. Erdman, Erwin F. Miller, Horace E. Landis, J. Miles Fosbender, L. Calvin Pluck and Paul S. Mohr.

Testimony during the inquest revealed that the highway truck had only a tail light burning and that with a man standing in front of it the workers and vehicle would not be visible until caught in the gleam of the defendant's headlights.

Quakertown Likely To Increase Tax Rate

QUAKERTOWN, Feb. 2—Presenting a tentative budget at a special meeting, Borough Council indicated that the tax rate for 1948 will be increased three mills over last year, or from 11 to 14 mills. The former rate was 8½ mills for general purposes and 2½ for sewer bond retirement. This year Council proposes to add three mills to the general tax, the sewer tax rate to remain at 2½ mills.

Total estimated expenditures for the borough are \$276,965.00. This represents \$91,525 for the general fund, \$50,790 for the water department, \$33,550 for sewer department, and \$201,100 for the electric light department.

Indications are that the sewer rental rates will also be increased. The committee was instructed to prepare an ordinance introducing revised rates.

Another proposal is a 4% amusement tax, for which an ordinance will also be prepared. This is in accordance with 1947 State legislation permitting boroughs to acquire additional revenue by this method.

Borough manager form of government was discussed at length and an ordinance ordered to be prepared for introduction into Council at a meeting in the near future.

Breakfast, Dinner and Reception Follow Wedding

A breakfast, dinner and reception followed the Mariani-Pappaterra wedding here yesterday. The nuptial ceremony, performed by the Rev. Peter Pinci in St. Ann's R. C. Church, united Miss Elizabeth Pappaterra, daughter of Mr. and Mrs. Dominick Pappaterra, 302 Lafayette street, and Mr. John J. Mariani, 14 Lincoln avenue.

The wedding took place at 11 a. m., with breakfast served at 12:30 at Gus' Cafe; dinner at five at Mari's Cafe; and an evening reception at the Pappaterra home. The newlyweds are spending a week in New York, N. Y., and will reside at 511 Wood street.

The bride was attired in a white satin gown with a lengthy train. An orange blossom head-piece held a net veil, and the bride carried a noff formed of gardenias.

The attendants of the bride were gown in taffeta. Miss Noreen Virgulti, Wood street, wore American Beauty; Mrs. Charles Petrino, Wood street, dusty pink; Miss Gloria Pappaterra, a sister of the bride, powder blue; Mrs. Samuel Gatti, Lafayette street, another sister, peach blue. The first three were bridesmaids; and the latter matron of honor. The flower girl, Ann Pappaterra, Buckley street, niece of the bride, wore yellow. Each attendant wore a silver sequin tiara and silver slippers, and carried a bouquet of roses in a shade contrasting with her gown.

Mr. Herbert Calone, Lincoln avenue, served Mr. Mariani as best man, and ushers included Messrs. Mario Constantini, Wood street; John Petrizzo, Lincoln avenue; and Vincent diTanni, Brook street.

Vocal numbers for the wedding were provided by Mr. Daniel DiMaggio, they being "Ave Maria" and "O Lord I Am Not Worthy." Miss Frances Tamburella was organist.

Mrs. Gerlach Protests Will of Late Congressman

ALLENTOWN, Feb. 2 — Council for Mrs. Charles L. Gerlach, widow of a former Congressman from the Lehigh-Bucks district, has protested that eleven former employees of Gerlach are not entitled to receive the business he founded and which he willed to them in his will.

Other residuary legatees under the will have joined Mrs. Gerlach in her argument that the more recently created corporation should go to the direct heirs and not Mr. Gerlach's former associates and employees.

The first account of Harry P. Creveling, lawyer-executor of the Gerlach estate, shows assets totaling \$296,507.02 of which \$229,680 represents Mr. Gerlach's real estate holdings. The initial account seemingly does not include all of Mr. Gerlach's known liabilities, including notes held by the Lehigh Valley Trust Co.

The widow and other exceptants to the Creveling account will present their side of the issue at a hearing to be held February 10.

BURLINGTON, N. J., Feb. 2—As the result of a free-for-all fight at the intersection of Green and Linden streets, here, Saturday at 11:40 p. m., 14 men and women were arrested, and three held for the grand jury. Three others were fined \$45 and \$5 costs each, and others had lesser fines levied.

According to Burlington police, they received a call shortly before midnight that a fight was in progress at Green and Linden. Six officers responded, two of whom were injured in the fracas.

The officers report that three women and a group of soldiers from Fort Dix, N. J., were the main ones involved. Fourteen were eventually taken in tow, and some of the servicemen are said to have made a getaway in the automobile of one of the soldiers placed under arrest.

"When we reached the spot, a man and woman were engaged in a fight in an alley. They and others had just emerged from a tap-room nearby, we were informed. When Officer Chester Rencovetz tried to place the woman in the police car, the soldier endeavored to pull her away from the officer. Officer John Pizzo was also at the scene, and he was knocked down and pounced upon by the group. Pizzo, as a result, has a fractured nose, possible fracture of the right knee-cap, and scratches of the face. It quickly became a 'free-for-all'."

The charges lodged against those arrested are assault and battery of police officers. The trio held for the grand jury are: Nellie Covington, York street, Burlington; Sgt. John Hellen, and Clinton Brown, both of Fort Dix. These three are now in Mt. Holly jail. Fines of \$45 and costs of \$5 each were imposed upon Mrs. Laura Ware, Burlington; Pvt. Edward Blake, 23, of Fort Dix; and Lewis Whitfield, 22, Fort Dix. Whitfield is said to be the owner of the car in which some made a getaway. The others arrested were each fined \$5 and costs.

Very soon comes the day when old and young will crowd gift-card counters to buy valentines for friends and relatives, regardless of age or sex. Messages to fit will be found, and the poor postman will groan.

The valentine, through avid commercializing, has gone the way of many things. Time was when a valentine was issued as a specific messenger of sentiment; it said to one particular person "I love you," and it really meant just that. It often started two to the altar for keeps. But now when a girl gets a valentine, she will not know whether it means anything beyond the fact that "he" was just following the mores of the mob—as she herself did in sending valentines to about everyone she ever knew.

Two Drivers Exonerated Of Blame in Man's Death

QUAKERTOWN, Feb. 2 — Clarence L. Smoll, 33, a Penna. State Highway truck driver, and Robert E. Wetzel, 19, a carpenter, were exonerated of charges of involuntary manslaughter at a coroner's inquest here on Wednesday evening. Bucks County Coroner J. Alfred Rigby, Cornwells Heights, conducted the inquisition.

While cinderling the highway on the Sunnyside Pike, a 48-year-old highway worker, Jesse F. Hoffman, Perkiomenville, was struck by a car driven by Robert E. Wetzel, of Green Lane, RD.

The other defendant, Clarence L. Smoll, Green Lane, was operating the truck which was carrying the cinderling spread on the wet, slippery, freezing road surface.

The injured man, who died in Grand View Hospital the next day, January 13, was working at the rear of the truck when Wetzel's car skidded into him pinning him between the standing truck and the skidding automobile.

State Policeman Raymond A. Nighan, of the Collegeville sub-station, who investigated the tragedy, testified the accident happened on a steep grade.

Wetzel's car was following the cinderling spreading truck down the highway slowly, but went into a skid.

Henry Keyser, a highway worker, testified it was raining and that the water froze on the surface of the highway. He said the defendant, Wetzel, was driving slowly, but that after his car went into a skid it moved over on their side of the highway.

Clarence Smoll, who was operating the highway truck also testified that Wetzel was approaching them from the rear slowly.

Members of the Coroner's Jury were Frederick S. Erdman, Erwin F. Miller, Horace F. Landis, J. Miles Fosbender, L. Calvin Pluck and Paul S. Mohr.

Testimony during the inquest revealed that the highway truck had only a tail light burning and that with a man standing in front of it the workers and vehicle would not be visible until caught in the gleam of the defendant's headlight.

Quakertown Likely To Increase Tax Rate

QUAKERTOWN, Feb. 2 — Presenting a tentative budget at a special meeting, Borough Council indicated that the tax rate for 1948 will be increased three mills over last year, or from 11 to 14 mills. The former rate was 8½ mills for general purposes and 2½ mills for sewer bond retirement. This year Council proposes to add three mills to the general tax, the sewer tax rate to remain at 2½ mills.

Total estimated expenditures for the borough are \$376,965.00. This represents \$91,525 for the general fund, \$50,790 for the water department, \$33,550 for sewer department, and \$201,100 for the electric light department.

Indications are that the sewer rental rates will also be increased. The committee was instructed to prepare an ordinance introducing revised rates.

Another proposal is a 4% amusement tax, for which an ordinance will also be prepared. This is in accordance with 1947 State legislation permitting boroughs to acquire additional revenue by this method.

Borough manager form of government was discussed at length and an ordinance ordered to be prepared for introduction into Council at a meeting in the near future.

Breakfast, Dinner and Reception Follow Wedding

A breakfast, dinner and reception followed the Mariani-Pappaterra wedding here yesterday. The nuptial ceremony, performed by the Rev. Peter Pinci in St. Ann's R. C. Church, united Miss Elizabeth Pappaterra, daughter of Mr. and Mrs. Dominick Pappaterra, 302 Lafayette street, and Mr. John J. Mariani, 14 Lincoln avenue.

The wedding took place at 11 a. m., with breakfast served at 12:30 at Gus' Cafe; dinner at five at Mari's Cafe; and an evening reception at the Pappaterra home. The newlyweds are spending a week in New York, N. Y., and will reside at 511 Wood street.

The bride was attired in a white satin gown with a lengthy train. An orange blossom head-piece held a net veil, and the bride carried a muff formed of gardenias.

The attendants of the bride were gowning in taffeta. Miss Noreen Virgulti, Wood street, wore American Beauty; Mrs. Charles Perrino, Wood street, dusty pink; Miss Gloria Pappaterra, a sister of the bride, poudre blue; Mrs. Samuel Gatti, Lafayette street, another sister, peacock blue. The first three were bridesmaids; and the latter matron of honor.

The flower girl, Ann Pappaterra, Buckley street, niece of the bride, wore yellow. Each attendant wore a silver sequin tiara and silver slippers, and carried a bouquet of roses in a shade contrasting with her gown.

Mr. Herbert Calone, Lincoln avenue, served Mr. Mariani as best man, and ushers included Messrs. Mario Costantini, Wood street; John Petrizzi, Lincoln avenue; and Vincent diTanni, Brook street.

Vocal numbers for the wedding were provided by Mr. Daniel DiMideo, they being "Ave Maria" and "O Lord I Am Not Worthy." Miss Frances Tamburella was organist.

**Mrs. Gerlach Protests
Will of Late Congressman**

ALLENTOWN, Feb. 2 — Council for Mrs. Charles L. Gerlach, widow of a former Congressman from the Lehigh-Bucks district, has protested that eleven former employees of Gerlach are not entitled to receive the business he founded and which he willed to them in his will.

Other residuary legatees under the will have joined Mrs. Gerlach in her argument that the more recently created corporation should go to the direct heirs and not Mr. Gerlach's former associates and employees.

The first account of Harry P. Creveling, lawyer-executor of the Gerlach estate, shows assets totaling \$296,507.02 of which \$229,680 represents Mr. Gerlach's real estate holdings. The initial account seemingly does not include all of Mr. Gerlach's known liabilities, including notes held by the Lehigh Valley Trust Co.

The widow and other exceptants to the Creveling account will present their side of the issue at a hearing to be held February 10.

What ARE The Two New Departments Auto Boys are Adding to Their Store?

Dear Friends:

You responded to Auto Boys' Housewares selling out sale in large numbers and we have been successful in disposing of practically all of the Housewares. You came and purchased, and took advantage of the excellent values offered in this sale. This successful sale brings to my mind the sale I conducted at Penn Auto & Sport Store about seven months ago--to which sale you also came in large numbers and made purchases at great savings. I shall continue these same money-saving offerings at any future sales I conduct. At this time I want to offer "Thank You" from a very pleased and grateful merchant!

Why This Sale? And now to answer this question. To say that this question has been arousing the curiosity of the people would be saying it mildly! We, employees and myself, in and out of the store, have been asked hundreds of times, "What are these New Departments Auto Boys are putting in?"

It is with a deep sense of pleasure and pride that I announce our new departments:

No. 1 COMPLETE RECORD DEPARTMENT

All the leading franchises: R. C. A. Victor, Columbia, Decca and Capitol have been granted to us!

We shall also have a complete Classical Section -- a complete Children's Section -- all the Cowboy, String Band and Foreign Records your hearts will desire!

No. 2 COMPLETE TELEVISION DEPARTMENT

And this is the very newest part of our store--

A TELEVISION THEATRE

for the people of Bristol and vicinity--completely open to the public for the viewing of television programs--FREE! This Television Theatre is over the store and can be entered from inside or outside the store.

Construction of these departments is going along at excellent speed and we hope to open both on "LUCKY FRIDAY," Friday, February 13th!

This January marked the start of my eleventh year of business in Bristol. It has been ten years of fine business relations and progression. It has been ten years of pleasant dealings--and you, my faithful customers, are responsible for my going ahead! This eleventh year and all those to come, I am certain, will be the same!

What ARE The Two New Departments Auto Boys are Adding to Their Store?

Dear Friends:

You responded to Auto Boys' Housewares selling out sale in large numbers and we have been successful in disposing of practically all of the Housewares. You came and purchased, and took advantage of the excellent values offered in this sale. This successful sale brings to my mind the sale I conducted at Penn Auto & Sport Store about seven months ago--to which sale you also came in large numbers and made purchases at great savings. I shall continue these same money-saving offerings at any future sales I conduct. At this time I want to offer "Thank You" from a very pleased and grateful merchant!

Why This Sale? And now to answer this question. To say that this question has been arousing the curiosity of the people would be saying it mildly! We, employees and myself, in and out of the store, have been asked hundreds of times, "What are these New Departments Auto Boys are putting in?"

It is with a deep sense of pleasure and pride that I announce our new departments:

No. 1 COMPLETE RECORD DEPARTMENT
All the leading franchises: R. C. A. Victor, Columbia, Decca and Capitol have been granted to us!

We shall also have a complete Classical Section --- a complete Children's Section --- all the Cowboy, String Band and Foreign Records your hearts will desire!

No. 2 COMPLETE TELEVISION DEPARTMENT
And this is the very newest part of our store---

A TELEVISION THEATRE
for the people of Bristol and vicinity---completely open to the public for the viewing of television programs---FREE! This Television Theatre is over the store and can be entered from inside or outside the store.

Construction of these departments is going along at excellent speed and we hope to open both on "LUCKY FRIDAY," Friday, February 13th!

This January marked the start of my eleventh year of business in Bristol. It has been ten years of fine business relations and progression. It has been ten years of pleasant dealings---and you, my faithful customers, are responsible for my going ahead! This eleventh year and all those to come, I am certain, will be the same!

Leon Plavin

**Boorse-Courter Wedding
Is Hulmeville Event**

HULMEVILLE, Feb. 2.—With the Rev. John Kulp, pastor of Neshaminy Methodist Church, officiating at a ceremony in that edifice on Saturday afternoon at three o'clock, Miss Margaret E. Courter, daughter of Mr. and Mrs. Harry Courter, Hulmeville-Parkland road, became the wife of Mr. John Boorse, son of Mr. and Mrs. Roy Boorse, Philadelphia.

Five young women attended the bride, this group being inclusive of her sister, Mrs. Fred Getz, Oakford, who served as matron of honor; and the following bridesmaids—Mrs. Norman Biddle, Mrs. Arthur Shaub, Philadelphia; Mrs. John Horn, Newtown; and Miss Margaret Worthington, Hulmeville. Mrs. Getz was attired in orchid; Mrs. Shaub, in aqua; Mrs. Horn, wore pink; and Miss Worthington, yellow. Their floor-length taffeta gowns had net yokes and short sleeves. PROFY WINS AND CLIMBS INTO 2ND PLACE OF LEAGUE

Winning its sixth straight game, the Profy team climbed into second place in the Bristol Basketball League by beating the Hibernians, 36-33, Saturday night on the high school floor.

The lead changed several times in the hard-fought game with Profy's having a 10-8 lead at the end of the first quarter and the Hibs taking the front at half-time. The third session saw the radionem again take the lead, 26-24, and twice during the last quarter the majority of points changed.

However, with less than three minutes to play, "Al" Burton tied the score with each team having 30 points. Then Ralph Cahall and "Johnny" Slaven dropped in twin-points to give the Mill streeters a four-point edge. McDewitt scored for the Hibs but Burton put the game on ice for the Profymen with a beautiful side shot.

There were no outstanding scorers in the tilt with the points being well divided. Slaven and Cahall had eight points each for the winners, while McGerr and Rogers had seven points each for the Hibeos. Defensively, Joe McDewitt and "Teddy" Sak were outstanding.

Rohm & Haas is still leading the circuit, one-half game ahead of the Profy team. The chemical mixers had a game taken from their loss column when the board of arbitration ruled that their game with Fifth Ward be re-played. Fifth Ward had won the game, 38-37.

JACKSON'S FIELD GOAL WINS FOR ST. FRANCIS

EDDINGTON, Feb. 2.—"Bill" Jackson's field goal with 20 seconds to go gave the St. Francis Vocational School a well-earned win over the Cornith Post, No. 292, American Legion, of Philadelphia, yesterday afternoon.

Parker, the visitors' center, had just put the Legion team in the lead, 38-27, when Jackson came through with his twin-pointer to give the Eddington lads the triumph with a 39-38 score.

It was Jackson's playing in the final half which featured the game. The St. Francis forward had been held to 3 points until the last half when he broke loose to register 13 tallies and change the whole complexion of the tilt.

St. Francis trailed throughout most of the game but just before the close of the third period, Dougherty tied the score at 29-29. Dougherty scored seven points in the last eight minutes of the game to bring his total to 11.

For the Legion team, Parker had 21 points.

The St. Francis second team also racked up a triumph, defeating the Cornith Post Seconds, 31-16. Joe Garritt led the St. Francis lads with 12 points.

REVIEW OF YEAR IN SPORTS

R. & H. HOPES DEALT SEVERE BLOW BY KNIGHTS' TEAM

The Rohm & Haas hopes for the Bristol Basketball League championship were dealt a stinging blow Saturday night as the Knights of Columbus quintet topped the chemical workers, 51-46, on the high school court.

A last quarter rally by Rohm & Haas featured the contest. At the beginning of the session, the Knights had a 42-19 lead. Shooting from all angles of the court, the Rohm & Haas team began to rack up field goals so that they came within four points of the K. of C. total. In all, the Maple Beach aggregation tabbed 27 points in the last quarter while the Caseys had eight.

The Knights took advantage of a good second period to chalk up the win. They were getting beat at the end of the first quarter, 9-6, but managed to hold the Rohm & Haas team to one point, a foul by Everett in the second chucker. While doing this fine defensive work the K. of C. boys managed to rip the cords for 22 points to take a half-way mark lead of 28-10.

Coach "Bill" Martin's lads increased this lead in the following ten minutes but had to fight hard to stave off the last ditch rally of the chemical mixers.

Sgt. Joe Quigley led the Knights in the triumph with 16 points, while John Kain had 10. As usual "Augie" Everett contributed the most points to the Rohm & Haas.

FRANKLIN A. C. WINS EASILY OVER JR. HIBERNIANS

BRISTOL YOUTH LEAGUE
The Junior Hibernians were no match for the Franklin A. C. team last night as the league-leaders won their eighth straight game, 66-30, on the Mutual Aid floor. In the second game of the night, Second Ward Boys Club conquered the Third Ward Eagles, 31-31. The defeat dropped the Eagles into fourth place in the Youth League standing.

It was lanky "Bill" Wallick who played the way for the Franklin triumph. The league's leading scorer added 28 points to his season's total by amassing 12 field goals and four fouls. Emil Praketa had 10 points in his team's win. Schreiber was high for the Hibernians with 10 tallies.

SAFETY RHYMES

NEW YORK — (INS)—Mother Goose will be out to get the Simple Simons of the highways in 1948 in the newest edition of a traffic safety campaign to be conducted in newspapers throughout the country. The educational campaign is a return engagement of a program which helped save an estimated 4,000 persons from violent death in 1947. Where Mother Goose enters the scene is in a series of five-column advertisements which point out the leading hazards to drivers and pedestrians and urge care while traveling on the streets and highways. Tom the Piper's Son, Bo Beep, Jack Horner, Humpty Dumpty and several others of the rhyme-renowned family will appear in them.

JACKSON'S FIELD GOAL WINS FOR ST. FRANCIS

EDDINGTON, Feb. 2—"Bill" Jackson's field goal with 20 seconds to go gave the St. Francis Vocational School a well-earned win over the Corninth Post, No. 292, American Legion, of Philadelphia, yesterday afternoon.

Parker, the visitors' center, had just put the Legion team in the lead, 38-27, when Jackson came through with his twin-point shot to give the Eddington lads the triumph with a 39-38 score.

It was Jackson's playing in the final half which featured the game. The St. Francis forward had been held to 3 points until the last half when he broke loose to register 13 tallies and change the whole complexion of the tilt.

St. Francis trailed throughout most of the game but just before the close of the third period, Dougherty tied the score at 29-29. Dougherty scored seven points in the last eight minutes of the game to bring his total to 11.

For the Legion team, Parker had 21 points.

The St. Francis second team also racked up a triumph, defeating the Corninth Post Seconds, 31-16. Joe Garritt led the St. Francis lads with 12 points.

R. & H. HOPES DEALT SEVERE BLOW BY KNIGHTS' TEAM

The Rohm & Haas hopes for the Bristol Basketball League championship were dealt a stinging blow Saturday night as the Knights of Columbus quintet topped the chemical workers, 51-46, on the high school court.

A last quarter rally by Rohm & Haas featured the contest. At the beginning of the session, the Knights had a 42-19 lead. Shooting from all angles of the court, the Rohm & Haas team began to rack up field goals so that they came within four points of the K. of C. team. In all the Maple Beach aggregation tabbed 27 points in the last quarter while the Caseys had eight.

The Knights took advantage of a good second period to chalk up the win. They were getting beat at the end of the first quarter, 9-6, but managed to hold the Rohm & Haas team to one point, a foul by Everett in the second chukker. While doing this fine defensive work the K. of C. boys managed to rip the cords for 22 points to take a half-way mark lead of 28-19.

Coach "Bill" Martin's lads increased this lead in the following ten minutes but had to fight hard to stave off the last ditch rally of the chemical mixers.

Sgt. Joe Quigley led the Knights in the triumph with 16 points, while John Kain had 10. As usual, "Augie" Everett contributed the most points to the Rohm & Haas.

SAFETY RHYMES NEW YORK — (INS) — Mother Goose will be out to get the Simple Simons of the highways in 1948 in the newest edition of a traffic safety campaign to be conducted in newspapers throughout the country. The educational campaign is a return engagement of a program which helped save an estimated 1,000 persons from violent death in 1947.

Where Mother Goose enters the scene is in a series of five-column advertisements which point out the leading hazards to drivers and pedestrians and urge care while traveling on the streets and highways. Tom the Fifer's Son, Bo Boep, Jack Horner, Humpty Dumpty and several others of the rhyme-renowned family will appear in them.
